

# Sound the Alarm

## Sick of It All

Listen! Oh you've heard it before  
As they tighten the noose we still ignore  
The truth, the proof as freedom dies  
Or are we just being paranoid  
THINK WE'RE SAFE  
SAFE FROM HARM  
STAND UP NOW  
SOUND THE ALARM  
Won't see the truth or open your eyes  
Spent your whole life caught in their lies  
Keep your nose clean, live by their laws  
What will you do when they kick in your door  
WHO WILL SAVE YOU  
Comfort is what we crave  
The truth is disturbing vile and brave  
Chastise the ones who bring it to light  
With your head in the sand you wait to die  
THINK WE'RE SAFE  
SAFE FROM HARM  
STAND UP NOW  
SOUND THE ALARM  
Won't see the truth or open your eyes  
Spent your whole life caught in their lies  
Keep your nose clean, live by their laws  
What will you do when they kick in your door  
WHO WILL SAVE YOU WHO WILL SAVE YOU NOW  
WAKE UP, We're all fighting to get by  
WAKE UP, Locked in place and kept blind  
WAKE UP, Break the hold break the norm  
WAKE UP, Stand and fight sound the alarm  
WHO WILL SAVE YOU NOW?
