

# Everyday's A Weekend

## Die Happy

Everyday is a weekend  
Think of all the money  
We intend to waste and burn and overspend  
I want to spend it with you  
Hoping you feel the same way too  
Monday we stay in bed  
Tuesday we rob the bank instead  
Wednesday we're contemplating  
You and I escaping  
Thursday we make the headlines  
They want us by Friday alive or dead  
Everyday is a weekend in my head  
Don't set yourself no limits  
Cause it won't work  
If your heart's not in it  
Enjoy yourself  
Think clearly  
I want to clear it with you  
Hoping you feel the same way too
