

# Far From Grace

## Ancara

If you should fall  
If you should fall  
Far from graceIf you should call on him  
Wake up to the music again  
You can feel sunlight  
In your eyesLiving is so useless 'round here  
The city's so dangerous  
On your own  
How beauty dies youngBut if you should fall  
Oh, if you should flow  
From grace  
How beauty, beauty fadesIf you should fold  
If you should fail  
Far from grace  
Far from graceOh, oh beauty  
You could know
