

Cartoon Showroom

dredg

I'm gonna miss your wave
Your sin, your smell, your smile, oh
In an anxious attempt to let you know Dancing on the roof
Of some cartoon showroom
But in an instant
I'd give it all right back So keep moving onward
Run through that open door
Consuming knowledge
Wormhole through times before Can't you hear their voices crying?
Can't you hear their hearts breaking? There is only so much we can do
Only so much can be shown to you
The rest is your choice
It's your choice, it's your choice When I close my eyes
I see two faces above me
One to my left, one to my right I took you under
Under my wing to shadow
It never did bother me
To hide you from the light So keep moving onward
Run through that open door
Consuming knowledge
Wormhole through times before Can't you hear their voices crying?
Can't you hear their hearts breaking? There is only so much we can do
Only so much can be shown to you
The rest is your choice
It's your choice, it's your choice So keep moving onward
So keep moving onward So keep moving onward
(Run through that open door)
So keep moving onward
(Run through that open door) So keep moving onward
(Run through that open door)
So keep moving onward
(Run through that open door) Onward
So keep moving onward
