

# Insignificance

## Spishak

All in all, it's no one's fault  
Excuses turn to carbon walls  
Blame it all on chemical intercourseThe swallowed seeds of arrogance  
Breeding in the thoughts of ten  
Thousand fools who fight irrelevanceThe full moon is dead skin  
The one down here's wearing thin  
So set up the ten pins  
As the human tide rolls in  
Like a ball that's spinningBombs dropping down  
Overhead, underground  
It's instilled, to wanna live  
Bombs dropping down  
Please forgive our hometown  
In our insignificanceTurn the jukebox up, he said  
Dancing in irreverence  
Play C-3, let the song protestThe plates begin to shift  
Perfect lefts come rolling in  
I was alone and far away  
When I heard the band start playing  
On the lip, late take offBombs dropping down  
Overhead, underground  
It's instilled, to wanna live  
Bombs dropping down  
Please forgive our hometown  
In our insignificanceFeel like resonance of distance  
In the blood, the iron liesIt's instilled, to wanna live  
Bombs dropping down  
Please forgive our hometown  
In our insignificance  
In our insignificance
