

Can't Get Enough

Sonique

Everybody wants to do their own things
But inflation is rising
And everybody wants a little happiness
But we all got to pay a price
Cash in hand is all they want
Cash in hand is all they need
That's how it is today
Cash in hand is all I want
Cash in hand is all I need
It helps me through the day
But I just can't get enough
(When will I get enough?)
It makes me feel so rough
(Oh, it makes me feel so rough)
When I can get enough?
(When will I get enough?)
(Oh, it seems so tough, can't believe it, haa)
Nobody really wants to know me
I'm not happy enough for them
Nobody really wants to help me
They can only help themselves
Nobody nobody nobody
Nobody nobody nobody
Cash in hand is all they want
Cash in hand is all they need
That's how it is today, hey yeah
Cash in hand is all I want
Cash in hand is all I need
It helps me through the day
But I just can't get enough
(When will I get enough?)
It makes me feel so rough
(Oh, it makes me feel so rough)
When I can get enough?
(When will I get enough?)
(Oh, it seems so tough, can't believe it)
Just can't get enough
(When will I get enough?)
It makes me feel so rough
(Oh, it makes me feel so rough)
When I can get enough?
(When will I get enough?)
(Oh, it seems so tough, can't believe it)
Cash in me pocket, see me big 'bout cha
Cash in me pocket, see me big 'bout cha
Brand new car, see me big 'bout cha
Brand new car, see me big 'bout cha

Berg in me pocket, see me big 'bout cha
Passport's full, see me big 'bout cha
Man on my arm, see me big 'bout cha
Beauty treatment, see me big 'bout cha I can do it
But I just can't get enough
It makes me feel so rough
(Can't just get enough) When I can get enough?
(When will I get enough?)
It makes me feel so rough
(Feel nice to feel so rough)
When I can get enough?
(When will I get enough?)
(Oh, it seems so tough, can't believe it)
