

Double Life

[Matthew Good](#)

How now are you gone awry?
How now are we back here tonight?
That's all there is
Roll the dice
This is all there is
Roll the dice That's all there is
Roll the dice
This is all there is How now baby, is a little bit enough of it
When you live a double life?
How now baby, is a little bit enough of it
When you live a double life? How now are you going to bite
Both hands, both hands
That's all there is
Roll the dice
This is all there is How now baby, is a little bit enough of it
When you live a double life?
How now baby, is a little bit enough of it
When you live a double life? Well I knew but I've forgotten
'Cause everyone keeps asking
How come they feel so terrible
If terrible's in fashion? Yeah, yeah
Yeah, yeah
