Double Life

Matthew Good

How now are you gone awry?
How now are we back here tonight?
That's all there is
Roll the dice
This is all there is
Roll the diceThat's all there is
Roll the dice

This is all there is How now baby, is a little bit enough of it When you live a double life?

How now baby, is a little bit enough of it
When you live a double life? How now are you going to bite
Both hands, both hands
That's all there is

Roll the dice

This is all there is How now baby, is a little bit enough of it

When you live a double life?

How now baby, is a little bit enough of it

When you live a double life? Well I knew but I've forgotten

'Cause everyone keeps asking

How come they feel so terrible

If terrible's in fashion? Yeah, yeah

Lyrics provided by https://damnlyrics.com/

Yeah, yeah
