

The Criminal Inside

The Freeze

Those days will never be forgotten
More than luck was on our side
We lit a fire in our spirits
We had the fuel to feed the drive
We weren't afraid of taking chances
On the edge we'd come alive

We had everything we wanted
And we owed it all to crime
We must have fed a thrill a minute
To the criminal inside

Now you hear your cell door closing
We communicate by pen
The authorities have spoken
They claim this will be the end
I know inside you'll stay unbroken
Some day we'll do it all again

We had everything we wanted
And we owed it all to crime
We must have fed a thrill a minute
To the criminal inside

We had everything we wanted
And we owed it all to crime
We must have fed a thrill a minute
To the criminal inside
