

Use What You Got

Sugar Pie DeSanto

USE WHAT YOU GOT - Sugar Pie DeSanto

Well I see you looking baby,
do you dig what you see?
I bet you're thinking there ain't much of me
I ain't got big hips, I've just got a little waist
And I ain't "thirty eight" no place

Chorus:

But I've got everything I need to keep my man satisfied
'cos if you know how to use what you got
It doesn't matter about your size
Well there ain't too many pounds of meat on my frame
And it's in good shape, but it's meat just the same
I'm no Brigitte Bardot but to my man I'm fine
And nature supplied me baby, not the Five and Dime

Chorus:

But I've got everything I need to keep my man satisfied
'cos if you know how to use what you got
It doesn't matter about your size
Well my hair's not silk, I don't mind if it's known
At least the hair I've got I can call my own
I'm not tall like a model, I'm just so high
How high must you be to sat-is-fy

Chorus:

But I've got everything I need to keep my man satisfied
'cos if you know how to use what you got
It doesn't matter about your size
Said if you know how to use what you got
It doesn't matter about your size
