

We're All Livin' the Dream

Royal Bliss

Rise in the morning, waiting on a bus
To come and take me away
We all know the story,
No fame and no glory
Just a hell of a hard workin' day
The traffic's a trainwreck to get to a paycheck
Just grateful to be in the game
It always gets better
When we get together,
To wash all our worries away
So come on and play a song
Play us a song, we'll all sing
Yeah life is a blessing,
Here with our best friends
Tonight we're all livin' the dream
If Monday's the Devil
Then Friday is Jesus
At 5 O'clock we all get saved
The saints and the sinners, losers and winners
Well God bless the Home of the Brave
So come on and play a song
Play us a song, we'll all sing
Yeah life is a blessing,
Here with our best friends
Tonight we're all livin' the dream
Life's in my cup and I wish you good luck
Cause sometimes that's all you need
So come on and play a song
Play us a song, we'll all sing
Yeah life is a blessing,
Here with our best friends
Tonight we're all livin' the dream
So come on and play a song
Play us a song, we'll all sing
Yeah life is a blessing,
Here with our best friends
Tonight we're all livin' the dream
Yeah tonight we're all livin' the dream
Yeah tonight we're all livin' a dream
