

Einstein

KURA

[1st verse]If you got scratch
Nigga
Get the fuck up
Throw your hands up
If you hella
Fucked up
Einstein
Tech n9ne
Two triple zip
Crack a jaw
Whip 'em all
If they wanna trip
Ladies with the bar codes
Meet me after this
Maybe you can show me
The meaning of abyss
Everybody on the wall
Momma is a bzzz
Had her at
The budgetel
Stroking
On my dzzz
This ones
For the psychos
Gang bangers
And sluts
Bumbs holding the pipe
Those
College graduate fucks
I feel for no foes
I kill till I close
My trap
I'm ill when I flow
And you never doze
When I rap
Tech tech
Gimme women and much alcohol
And I'm straight
Eat drink

And be merry
Yo come tomorrow
Might be your fate
 Yo look
 Look over there
 It's that
Nigga with the hair
 Tech and juan
 What a pair
The rest equals
 Mc squares
 What
[hook]Who got this
Mutha fucking house
 On lock
 Who
 Einstein
 Huh what
 Tech n9ne
 Dwamn
Who keeps it sizzling
 Who keeps it hot
 Who
 Einstien
 Huh what
 Tech n9ne
 Dwamn
 K c mo roll
 K c mo roll

[2nd verse]Everybody witness
 My soul sickness
 If you dig tech
 When he's twisted
 Then go get this
 Bringing the house down
 When I rip shit
 Like the plates shifted
Angels come in many shades
 Either drunk or lifted
 The einstein
 Meaning gifted
Too slick to get with
 My shit was broke
 But now I fixed it
 With the quickness

You missed it
When I used to roll with
Misfits and nitwits
But now who I do biz with
Ain't none of yo business

Blood thirst
In the church now
The earth's
The worst
Clutch your purse
When we lurk
Cause we cursed
From work
Trying to
Party like a mutha fucka
Broke as a joke
Don't hire me
But you arrest me
When I'm selling my dope
So who's the einstein
In n9ne n9ne
Tech n9ne
I'm crime mind
In my prime
I'm mixing
One fifty-one
With malibu rum
And pineapple juice
Among all my angels
And wicked ones
We're the party people
Night and day
Living crazy is the only way
Einstein
When I'm on it
Einstein
Rock it
Like you mutha fuckers want it
[hook]Who got this
Mutha fucking house
Who
Einstein
Huh what
Tech n9ne

Dwamn
Who keeps it sizzling
Who keeps it hot
Who
Einstein
Huh what
Tech n9ne
Dwamn
K c mo roll
K c mo roll

[3rd verse]What do we say
To haters off top
Haters got beef
They thinking we got
We gon get postal
If it don't stop
You can get ghost
Or you can get shot
Generation x
Gon party till the death
Anybody tripping
Gettin greeted with a stretch
Taking everything
And we're leaving nothing left
Demons gotta die
Have 'em breathing last breaths

I feel that
I got will
And I'm gon bill
Till I'm killed
Bell till I bail
If I fail
Then I'm gon steal
What I will
Tech is a realist
Running with killas
You better vill this
Be the witness
To the coldest
When I hold this dick
They break camp
When I flow this
Einstein go the ill route
Throw up your hands
If you're villed out

Or if you're real sauced
I told y'all I'm cold
Dog I flows
All heat
I'm representing
Rogue dog
Rogue dog
Fifty-seventh street
