Find Another Fool

Kelly Willis

(Marcia Ball)Now we're down to saying our goodbyes
And you still don't see the truth
All I did was try to make life better for you
But a woman just gets tired of being usedSo find another fool to love you
The world is full of girls like me
Find a fool to take care of you
That's a girl I'd like to see
Who'll be the one when all is said and done
I know you
You'll find another foolNow you say you want to talk it over
Maybe I will change my mind
But you never heard a word I ever told you
And it's not my mind that needs to change this timeSo find another fool to love you
The world is full of girls like me
Find a fool to take care of you
That's a girl I'd like to see
You'll be fine but you won't know what she needs
And I know you
You'll find another foolYou think hearts are made to be broken
Like your promises so easily broken
Too many good things have fallen at your feet
I wonder who'll be the fool after meGo find another fool to love you
The world is full of girls like me
Find a fool to take care of you
That's a girl I'd like to see
I hope she doesn't mind
When you don't come home at night
Not all the time
Maybe once in a while
You tell her that you tried
But you can't look her in the eye
And I know you
You'll find another fool
