Scream At The Walls

10 Years

How long will you scream at the walls...
For someone to listen?
Surrender the right to resolve
Cause no one will listen
Confusion sets in
With no beginning or end
Frozen in place
The scenery's unraveling
Hanging on by a thread
The child is screaming
While holding his breath
Hanging on by a thread
The child is screaming
While holding his breath
How long will you scream at the walls...
For someone to listen?
Surrender the right to resolve
Cause no one will listen
Forever you face

The fear of being erased
No need to speak
They'll pass you by and wonder why
You're hanging on by a thread
You throw away everything
From holding your breath
How long will you scream at the walls...
For someone to listen?
Surrender the right to resolve
Cause no one will listen
Biting your tongue
The top of your lungs
Biting
Biting
Biting your tongue
How long will you scream at the walls...
For someone to listen?
Surrender the right to resolve
Cause no one will listen
