

Marked (feat. Jim Lindberg of Pennywise)

Bad Religion

If I'm a monster,
I am a willing one,
This roller coaster ride is an enticing one,
On the tip of a continuum flowing wavelike
Through disorder carry me like a vessel to water
Everything you see leaves a mark on your soul,
Everything you feel leaves a mark on your soul,
Everything you touch leaves a mark on your soul,
Everything you make leaves a mark on your soul
If I can touch it,
I can destroy it,
If it's imaginable to some degree,
I can become it,
Like a hungry turning vortex that just flickers to existence,
Consuming bits and pieces until I'm finally extinguished
Everyone you see leaves a mark on your soul,
Everyone you bare leaves a mark on your soul,
Everyone you touch leaves a mark on your soul,
Everyone you love leaves a mark on your soul
