

Velvet Wedding

The Seasons

Touch the velvet
Strange how it hurts
See yourself in his eyes
And tremble with fearThere's no...Lalalala-light
He tumbles and stumbles in the night
As it all gets worse
On the wedding night
She fumbles and crumbles as the knife
Penetrates her heartDrink and drink deeply
Think of all the years
Drown in dark desires
Mix them with tearsTouch the velvet
Strange how it hurts
See yourself through her eyes
And tremble with fearThere's no...Lalalala-light
He tumbles and stumbles in the night
As it all gets worse
On the wedding night
She fumbles and crumbles as the knife
Penetrates her heartLalalala-lie (2x) There's no lalalala-lie (2x)Darkness falls (2x)
