Kick It

Taylor Thrash

I'll stay with you one more night, I'll bid you no goodbyes
Not until tomorrow's light, then I'll say goodnight
Well, I would really rather die than make you stop
I think that is the meaning of loveI think that is the meaning of love
And I prefer to kick it
Yes, I think that is the meaning of love
And I prefer to kick it, kick the habitWell, I'm waited for in Egypt
It's just something I must do
Yes, I can see you're waited for all over you
All day and all night, all over the world, it's your worldI think that is the meaning of love
And I'm prepared to kick it
Yes, I think that is the meaning of love
And I prefer to kick itSo what is this, when you can
What is this, what about me
What is this, I understand
What is this I'm lonely, I'm lonelyYes, it's a strange kind of love affair, a symphony of sorts
Strange kind of love affair, a declaration of war
No I won't be here tomorrow night, you won't see me smiling
Tomorrow when it's very dark no cryingI think that is the meaning of love
And I prefer to kick it
Yes, I think that is the meaning of love
SurrenderWell, I think that is the meaning of love
And I prefer to kick it
Yes, I think that is the meaning of love
But I prefer to kick itWell, I loved you more than life itself
(Nothing like forever more)
But I'm prepared to kick it
(Something like dying)Yes, I loved you more than life itself
But I'm prepared to kick it
I think that is the meaning of love
And I prefer to kick it
