

# Goodbye America

## Playboy Tre

I'm politically incorrect  
and damn proud of it  
I love my country  
but I'm scared to death of its government  
Ya believe what you read  
cause it's all that they give ya  
Cause all of history is written by winners  
I'm engaged in a frenzy  
of mass self-destruction  
I feed upon your famine to fuel my corruption  
I'm whole-selling hatred  
and international incest  
To carnivorous hyenas in a global theft fest  
I've mastered the arts of death  
and foreign nations genocide  
And those who turn on me  
commit national suicideI'm the queen of the global dream  
And I rule a declining nation  
I sit and watch all the violent screams  
From the throne of your desperation  
I killed them all and stole their land  
Enslaved the blacks and slaughtered the red man  
In God we trusted and I gave birth  
To would be kings to rule the earthI have more pigs than I have tits to feed  
I embrace the world's phoney leaders  
And hold the sucklings to my breast  
And I'd fool you all as I'd feed ya  
I'll prop you up then strike you down  
And lick your blood up from your ground  
Humpty-fuckin-dumpty

My empire's falling down"The hour is late, the clock of destiny is ticking out. America has become a schizophrenic personality. For years, most of these people have been dominated politically, exploited economically, segregated and humiliated by some foreign power. America has trampled over the dream. The price that the United States must pay is the price of its own destruction!"Breakdown, Goodbye America

So long the music's died  
Freedom's last hero's wasted  
I made you, I'll break you  
Breakdown, Goodbye America  
It's all gone, kiss it goodbye

There on bloody bended knees where  
my nation died
