Cordell

Delain

Once you ruled my mind I thought you'd always be there
And I'll always hold on to your face
But everything changes in time and the answers are not always fair
And I hope you've gone to a better place
Cordell, time will tell, they say that you've passed away
And I hope you've gone to a better place
Time will tell, time will tell, they say that you've passed away
And I know that you've gone to a better place
Cordell, Cordell, Cordell, Cordell, Cordell, Cordell, Cordell
Your lover and baby will cry but your presence will always remain
Is this how it was meant to be?
You meant something more to me than what many people would see

And to Hell with the endless dream
Cordell, time will tell, they say that you've passed away
And I hope you've gone to a better place
Time will tell, time will tell, we all will depart and decay
And we all will return to a better place
Cordell, Cordell, Cordell, Cordell, Cordell, Cordell, Cordell
Na, na
Na, na
Na, na
...
