Thank You

Love-n-Tune

Thank you for being you, because I love you so true. And thank you for being there, you know, whenever I needed you. I thank you for it, I thank you for that. I thank you for it, I thank you for that. Thank you baby, for being the kind of guy that I need. And whenever I'm lonely, all I do is think of you. And when I go outside at night, you're always on my mind. I can look at you across the street and see the image of you on my mind. I thank you for it, I thank you for that. I thank you for it, I thank you for that. (Come here girl. You know, in a world of certain uncertainties it's so nice to have someone like you by my side. In all the world, there's none quite as fine as mine; Miss Jackie "B".) You've always been the guy that I've been looking for, and I finally found you. You make me feel so good in my life. Thank you for being the person that I always needed and thank you for being a father and a mentor to me. I thank for it. I thank you for that. I thank you for it. I thank you for that. I thank you for it. I thank you for that. I thank you for it, I thank you for that.
