

# Hangin' On

## Class Actress

It's just an excuse to be lonely  
Because you know your the only one for me  
All the business, love tricks  
You know i see through these thingsThe way you pull my hair  
The way you hold my neck  
The way you throw me down, on the bed  
Against the wall  
Hands on my waist  
I can hardly breathe  
I can hardly waitCan you keep me hangin' on, hangin on'  
Keep me hangin' on, hangin on'  
No escape, no escape  
Wondering, wondering,  
What i did, what i did, did wrong  
Would you walk away  
Can't get away  
Just the little things that you doIt's just an excuse to be lonely  
Because you know your the only one i use  
I think you're following, i think you're follwing me  
follwing youThe way you pull my hair  
The way you hold my neck  
The way you throw me down, on the bed  
Against the wall  
Hands on my waist  
I can hardly breathe  
I can hardly waitCan you keep me hangin' on, hangin on'  
Keep me hangin' on, hangin on'  
No escape, no escape  
Wondering, wondering,  
What i did, what i did, did wrong  
Would you walk away  
Can't get away  
little things that you doCrazy love  
Nothing i can do about it  
Crazy love  
What cha' gonna do about itCrazy love  
Nothing i can do about it  
Crazy love  
What cha' gonna do about itYou keep me hangin' on, hangin on'

Keep me hangin' on, hangin on'  
No escape, no escape  
Wondering, wondering,  
What i did, what i did, did wrong  
Would you walk away  
Can't get away  
Little things that you do
