

Whiskey Under the Bridge

Brooks & Dunn

There's not a heart that ain't been broken
A lie that ain't been spoken
A shattered dream that brand new love can't fix I've been burned, I've been cheated
But this old heart's still beatin'
Ain't no big deal
It's just whiskey under the bridge Let's dance a little closer
And I'll help you get over
The hurt you thought you never could forget The bitter tears that you tasted
And all those nights you wasted
Don't look back
It's just whiskey under the bridge Oh, all those nights of drinkin'
Finally got me thinkin'
Heartache is just a waste of time I've been burned, I've been cheated
But this old heart's still beatin'
Ain't no big deal
It's just whiskey under the bridge Yeah, all those nights of drinkin'
Finally got me thinkin'
Heartache is just a waste of time I've been burned, I've been cheated
But this old heart's still beatin'
Ain't no big deal
It's just whiskey under the bridge Oh, ain't no big deal
It's just whiskey under the bridge
Oh, it ain't no big deal
It's just whiskey under the bridge
