

Breath of Life

Vicious Crusade

[Lyrics by Dmitry Basik & Alex Vertel] Putting the stakes till the point when I lose.

Risking it all till I have to pay dues.

Fly real high till the day when I fall.

If tomorrow I die - does it matter at all?

If I burn then to the ashes I burn.

If I do the first step then I never return.

I fall in love for the very last time.

So what do I lose if tomorrow I die?

[Chorus:]

Take it all or lose it at once.

Taste it all - it can be your last chance.

If you got the wings - so why don't you fly?

If I live - then I live like tomorrow I die,

And I live like I live last day of my life.

On top speed, down the fastest highway,

Be it heaven or hell that I raise on my way,

Till last breath, on the full overdrive

I live every single day of my life.

[Chorus.]

...And I live like I live like tomorrow I ain't gonna die!

While I've got the way to go I ain't gonna stop this show.

While I've got the fuel to drive I ain't gonna stop my life.
