

Make a Wish

Jaheim

Yeah, yeah, ah, yeah
Todays your day, we going out, my baby
You and me, its a safe location
Lets get away for your birthday
Take a nice little trip somewhere cross the bayHit the mall, go get your tips did up
Your nanny got the kids
Lets live it up
About a quarter to eight
And I wont be late
The 55 will be parked at the gate, babyMake a wish, close your eyes, blow away, hey
When youre done, girl, give me a kiss
Make a wish, Ill make all your dreams come true
Make a wish, girl, theres nothing that I wouldnt do
Make a wishJust make a wish
Write out a list, whats broke is fixed
Make a wish
Whats diamonds and pearls, you knowYoure my girl, Ill give you the world
Make a wish
I aint talking 'bout no ifs or maybes, no possibles
Girl, youre driving me crazyMake a wish
Now open your eyes, I gotta surprise, it's in the garage
I copped a CI645
Are you ready to take your first slide?
Cut the ribbon off the whip, put the key in and lets shiftLets ride from coast to coast
Hit a nice lounge
Might as well have a toast, baby
On this special day
Were gonna celebrate my babys birthdayMake a wish, close your eyes, blow away
When you done, girl, give me a kiss
Make a wish, Ill make all your dreams come true
Make a wish, girl, theres nothing that I wouldnt do
Make a wishJust make a wish
Write out a list, whats broke is fixedMake a wish
Whats diamonds and pearls, you know
Youre my girl, Ill give you the world
Make a wish
I aint talking 'bout no ifs or maybes, no possibles
Girl, youre driving me crazyIts your day, girl, youre 'bout to have it your way
We can set it off at the spa, black card no limit

Well talk no gimmick, yeah, Im committed gourmet chefs

Make a wish, Ill make all your dreams come true
Make a wish, girl, theres nothing that I wouldnt do
