

Kiss the Flag: The Wounded

Parabelle

God made the weak so they'd assemble,
then let them bleed out their own little words.

I know all there is about you
and I don't care,

I don't care how you manage.

Cuz I will be there when the reason dies,
You will be the one that holds me back,
we will be there when they need our lives.

Don't you cry,
don't you cry.

Cuz I know if there's gonna pain then let it be someday,
I know you'll never feel the same way.the rain comes down,
the anthem's sung,
and we both walk wounded.

and we both walk
But you barely heard right
but I'm barely breathing

I wanted it,
I want it all,
I want it now,
I needed it,
I need it all,

I need it now!the rain comes down,
the anthem's sung,
and we both walk wounded.

If I hold on tonight,
the sun will shine,
like when you were mine,
my whole world.

I'm barely breathing,
so just hold your fire.

I'm barely breathing,
so just hold your fire.

I'm barely breathing,
so just hold your fire!the rain comes down,

the anthem's sung,
and we both walk woundedif I hold on tonight,
the sun will shine
like when you were mine,

my whole world

my whole world.
