

Green Grass Vapors

Angie Stone

Now see you being cool too fast
I didn't say light that up that quick, shit
Vapors, here ya go, uh
Green grass vapors, runnin' through my head
I'm feelin' higher than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Creepin' on me late at night, hey
Sets me free just to hold it tight, ohh
Slender feel, I do love it so, uh
Shapes the way, that my rhythm flows
Green grass vapors, runnin' through my head
I'm feelin' higher than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Bloody red is, what my daddy said
When he looked at my eyes at night, yea
What we gon' do, you said go
'Cuz your eyes are as red as mine
Told my daddy, hey
Green grass vapors, runnin' through my head
I'm feelin' higher than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Green grass vapors, runnin' through my head
I'm feelin' higher than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Creepin' on me late at night, hey
Sets me free just to hold it tight, ohh
Slender feel, I do love it so, uh
Shapes the way that my rhythm flows
Green grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Green grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
Green grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors

Green grass vapors, come on
Green grass vapors, runnin' through my head
I'm feelin' higher, than the thunder dome
Green grass vapors, green grass vapors
Green grass vapors, come on
