Ride

Socialburn

Well, clinically insane
Yeah, that's all I need
A warm bed to lay my head
And the soft words, you spoke unto me
Well, I'd probably be
Better off deadBut I've been waitin' all year
For this to become clearSo tonight, I'm gonna ride
And tonight, I'm gonna clear my mind
Yeah tonight, I'm gonna drive you
Out of my lifeWell, better company
Yeah, that's all you need
Better company, besides me
And now my last breath
Is pushed out of me
And all I have left, I can't seeBut I've been waitin' all year
For this to become clearSo tonight, I'm gonna ride
And tonight, I'm gonna clear my mind
Yeah tonight, I'm gonna drive you
Out of my life for the last timeWell, I've been waitin' all year
For this to become clearSo tonight, I'm gonna ride
And tonight, I'm gonna clear my mind
Yeah tonight, I'm gonna drive you
Out of my lifeYeah tonight, I'm gonna ride
And tonight, I'm gonna clear my mind
Yeah tonight, I'm gonna drive you
Out of my life for the last time
For the last time
