

# Dancing Your Memory Away

**Charly McClain**

Its Friday night, you must be alone  
Thats the only time youd ever phone  
But if you drop by dont be surprised  
'Cause darling, I wont be there tonightIm dancing your memory away in the arms of a stranger  
For now Im okay, my heart's out of danger  
Tonight while Im waltzing as the band softly plays  
Im getting by, one song at a time, dancing your memory awayOnce, twice, tell me how many times  
Was I a fool for your lying eyes  
But I wont be your fool anymore  
At least not while Im out on the floorIm dancing your memory away in the arms of a stranger  
For now Im okay, my heart's out of danger  
Tonight while Im waltzing as the band softly plays  
Im getting by, one song at a time, dancing your memory away
