

# Sport And Religion

## Shihad

Hey all you people in the shiny cars  
Who dug the trenches will reach the stars  
That's a funny program  
What's it show or tell  
If it's not what you're thinking  
Then you can go to hell

Or is it an illusion?  
Is it an illusion?

Sport and religion  
What a game  
You can call it progress  
But what's the aim?  
You can't fake the fantastic  
No more. no more  
We can't keep on hacking away  
When no one knows the score

Or it's an illusion?  
Is it an illusion?

You've got to give to take away
