

Subside

Nic Billington

(TJ McCloud, Ab Colby)Oh these days, I can't feel them, they're not here
Oh your ways, they hang like a gray cloud over me" And oh and I'll be fine

 Oh when these clouds subside

 Oh I won't worry, I won't mind

 Oh when these clouds subside" Oh turned away, my soul cries out more than I can give
 Oh and I pray make me strong enough to get through this dayRepeat ChorusEars hear you say

 I see your promises that you'll be there

 In your arms I'll stay

 Wait the storm out, start again another day
