

# Cozy

## Barkays

Yo whasup baby?  
It's me R. L. the real  
Yeah, I know you all heard about me  
It ain't even like that boo  
I ain't livin' like that  
And I know you think I just want you to come over  
So I can hit the skins  
Nah, I just want you to lay back with me  
Get real comfortable  
Get real cozy  
And just chill till you're ready  
Ready set for the Moet  
Put on some next  
'Cuz we're about to get real comfy  
And cozy  
Yo, T-low tell 'em what I'm tryin' to say  
So what's on your mind  
Girl, I can see it in your eyes  
You're thinkin' I wanna come inside  
But that's not why you're here tonight  
Girl, we can get it on  
But we don't have to take our clothes off  
I'm not all about the boom-boom, that zoom-zoom  
I just wanna chill and maybe settle down  
Ready set for the Moet  
Put on some next  
'Cuz we're about to get real comfy  
And cozy  
Don't cha know it's on tonight  
Lord have mercy  
Pour the Hennessey  
Come chill wit me  
And we can both be  
Real comfy and cozy  
Girl, let's get a little closer  
Some dull conversation helps to  
Resist the temptation, we can break out the lubrication  
I'm gonna rub your back where it's safe, yeah yeah  
Girl, you know that I respect you, yeah

And I can wait for the skins, it's cool  
I'm just gee  
To finally be here alone wit you oh  
Ready set for the Moet  
Put on some next  
'Cuz we're about to get real comfy  
And cozy  
You can feel right at home with me  
Lord have mercy  
Pour the Hennessey  
Come chill wit me  
And we can both be  
Real comfy and cozy  
On the next album, watch me now  
Makin' such smooth sailin' tonight  
Oh, we can just chill tonight, yeah  
Do the thing that I wanna do  
Is puff a little light and being high, baby  
Nothin' but smooth sailin' tonight  
Only thing that I wanna do is sip a little wine  
Ready set for the Moet  
Put on some next  
'Cuz we're about to get real comfy  
And cozy  
Can ya sway with some alahze, baby  
Lord have mercy  
Pour the Hennessey  
Come chill wit me  
And we can both be  
Real comfy and cozy  
Ready set for the Moet  
Put on some next  
'Cuz we're about to get real comfy  
And cozy  
Come on and get, I'm liking it  
Lord have mercy  
Pour the Hennessey  
Come chill wit me  
And we can both be  
Real comfy and cozy  
Ready, set
