Down When I'm Loaded

Oleander

Advisory - the following lyrics contain explicit language:

Who is to blame for the way that you are
The things that you say and all the things that you do?
Who is to blame for the way that you feel
The way that you're living and the way that you deal?Who is right when everyone is wrong
Was it fate that brought you here against all your wishes?
Who is to blame for the way that you are
Was it parental supervision or the lack thereof?I get down when I'm loaded
Down when I'm loaded
Oh, I get downWho is to blame for the reasons you feel
Like it's an all or nothing kind of situation?
Who is right when everyone is wrong
Was it fate that brought you here against all your wishes?Its the sound of super sad
Oh, oh it's the kind of shit that makes me angry
Oh, you're bad, oh wasting your time, your irresponsibilityI get down when I'm loaded
Down when I'm loaded
Oh, I get downYeah, yeah, so educated, soI get down when I'm loaded
Down when I'm loaded
Oh, I get downI get down when I'm loaded
Down when I'm loaded
Oh, I get down
