Straight Outta Massachusetts

Nofx

I moved from Massachusetts, 'cause I couldn't be controlled
I moved from Massachusetts, 'cause it was fuckin' cold
I moved from Massachusetts, 'cause I wanted to ten-fold
I moved from Massachusetts, because my house got sold
Straight outta Massachusetts (x2)
I moved to California, 'cause I heard it was the place to be
I moved to California, to the San Fernando Valley

I moved there with my mother, 'cause I couldn't afford the rent
I moved to California, they thought I had a speech impediment
Straight outta Massachusetts (x4)
I moved from Massachusetts, 'cause I couldn't be controlled
I moved from Massachusetts, 'cause it was fuckin' cold
I moved from Massachusetts, 'cause I did what I was told
I moved from Massachusetts, when I was five years old
