

# Let Me Down Easy

[Chris Isaak](#)

Here she comes  
Don't say anything At first you smile, then turn away  
I've been thinking of what I should say  
All last night I stayed up dreaming,  
I'm still dreaming  
I look at you, I'm just a guy  
I know my place but still I'll try  
You must be tired of people asking,  
But I'm still asking  
Please. oh, please let me down easy  
Please, just let me down easy Don't you hear my heart is calling  
You don't know how hard I've fallen for you Another day, you're passing by  
Today's the day I'm gonna try  
You don't know how much I'm hoping, how I'm hoping  
Please. oh, please let me down easy  
Please just let me down easy Can't you hear my heart is calling  
You don't know how hard I've fallen for you If you told me to follow you know I'd fly to you,  
Here I go, I may fall but I will try  
So please, let me down easy  
Please, just let me down easy  
Please, just let me down easy If you want me to follow, you know I'll fly
