So Long, Scarecrow

Scarling.

So long, scarecrow
So long bad mood
So long prescription pills
So long bad blues
Oh, we don't care anymoreSo long, liar
What transpired
What did you expect?
Kindness for tread neglect
Oh oh
We don't care anymoreSo long, lonesome
Know what you've done
Smoking a cigarette
Praying that we'll forget
Oh, we don't care anymoreSo long, scarecrow
Sorry you're sad
You say you lost everything
Some things you never had
Oh, we don't care anymore
We don't care anymore
