

# Walk Right Back (BASECAMP Remix)

Jamie Lidell

Yeah, there's a part on me  
I can't find in my memories  
when I knew nothing but my mother 'slove  
now that same love lives here inside of me  
and it's a pure love  
yeah it's a pure love Yeah there's a symmetry  
there's a continuity  
a time before experience  
a time that was my innocence  
and I wanna go there  
Ahahhhh  
I wanna go there  
over there  
Ohoh ohh  
I wanna walk right back to love  
right back to the beginning  
Ohohooo  
Yeah I wanna walk right back to love  
right back to the beginning  
I can never know how my life was  
when it just started  
when I knew nothing but my father's love  
now that same love lives here inside of me  
and it's a pure love  
yeah it's a pure love Yeah there's a symmetry  
there's a continuity  
a time before experience  
a time that was my innocence  
and I wanna go there  
Ahahhhh  
I wanna go there  
over there  
Ohoh ohh  
I wanna walk right back to love  
right back to the beginning  
Ohohooo  
Yeah I wanna walk right back to love  
right back to the beginning Yeah I wanna walk right back to love  
right back to the beginning Yeah I wanna walk right back to love

right back to the beginning Yeah I wanna walk right back to love  
right back to the beginning Yeah I wanna walk right back to love  
right back to the beginning
