Love Me or Not

Josiah Leming

You got a room in my head
You abandoned it and left me with the mess
Clothes layin on the unmade bed, and I wait for you to take what you left

Are you gonna love me or not
Come on now baby
You're takin every beat from my heart
I'll be fine if you go, I've just got to know
Are you gonna love me or not

You got an unconscious heart, and you're coming to me looking for a spark
Baby I can be your jumpstart
We can do this now or just fall apart

Are you gonna love me or not
Come on now baby
You're takin every beat from my heart
I'll be fine if you go, I've just got to know
Are you gonna love me or not
