

# Love Me or Not

**Josiah Leming**

You got a room in my head  
You abandoned it and left me with the mess  
Clothes layin on the unmade bed, and I wait for you to take what you left

Are you gonna love me or not  
Come on now baby  
You're takin every beat from my heart  
I'll be fine if you go, I've just got to know  
Are you gonna love me or not

You got an unconscious heart, and you're coming to me looking for a spark  
Baby I can be your jumpstart  
We can do this now or just fall apart

Are you gonna love me or not  
Come on now baby  
You're takin every beat from my heart  
I'll be fine if you go, I've just got to know  
Are you gonna love me or not
