

# Communication

## Bobby Womack

I've got somethin' I wanna talk about to you  
Just another communication  
It could help the situation  
It's not the generation  
That keep gettin' on this nation  
What I say, what I say  
What I say, what I say  
We've made this world what it is today  
For the way we live and what we do and say  
The pitiable show in the eye of need  
You close my eyes every time I don't see  
What I'm sayin', what I'm sayin'  
Well, look at here  
Disgusting one another  
But still callin' me your brother  
And listen to me now  
Now if you believe in what I am sayin'  
I'll be back, take a slam  
Like I say, like I say, like I say  
Say, like I say, like I say  
All we need is just a little communication  
That could make this world a better nation  
Just like the preachers congregation  
They're all in to his conversation  
What I say, what I say  
Oh, Lord, good God  
Don't put down your brother  
On the way he dress  
I am gettin' tired  
And sick of your mess  
Ooh, and if you believe  
Oh Lord, I know you believe in what I am sayin'  
And I want every man to take a stand  
All you gotta to is help me  
Help, help, help me  
Why don't you help me?  
Help me, help me, help me sing this song  
Just a little communication  
Just a little communication  
If you see your brother fallin' down  
Give him a chance to make him come around  
Got to, got to  
You've got to, I've got to  
I've got to, you've got to, you've got to  
Everybody, come on now  
Know it's gonna take me back to [Incomprehensible]  
Do it again  
Need just a little communication  
You can help this situation  
It's got the, it's got the new generation  
Just keep on tellin' down this nation  
Communicate, it's a family affair  
Communicate, it's a family affair  
Communicate, baby  
I know you hear me talkin' to you  
I know you hear me talkin' to you
