Shottsie

Floorpunch

It's time for you to choose
How you want to live
Don't come looking for us
When you take
and never fucking give
2-3-4
We stood beside you
And backed your word
Now you've turned your back
But we're the ones
who've learned
I'd like to listen
to what you have to say
But these choices
you've made
will grow to haunt you
every day
