Mutation Of The Cadaver

Cannibal Corpse

Lying on the table dead
Coroner
Completes his taskExamining the wretched stiff
Suicide
The likely causeBehind closed doors the change
Begins
Then it grows
Mutilation of the cadaver
Mutilation of the cadaverCoroner returns to notice
Subtle change
How can this be?Must be his imagination
The man's been dead
For several daysThe change continues after hours
Different face
Mutilation of the cadaver
Soon the corpse will change its shape
Who is it?Mutilation of the cadaver
Mutilation of the cadaver
Mutilation of the cadaver
Mutilation of the cadaverThe coroner returns and sees
The body has truly changed
The corpse has stolen his face
And now he loses his mindShocking evolution
Mutilation of the cadaver
Hideous conversion
Mutilation of the cadaverPostmortem upheaval
Mutilation of the cadaver
Awful transformation
Mutilation of the cadaverGruesome reconstruction
Mutilation of the cadaver
