

Outta Space Love

Group 1 Crew

I need that love, love, bigger, bigger
Love, love, bigger, bigger
Love, bigger, love, bigger
Love, love, bigger, bigger To every boy and senorita
Man, it's really nice to meet ya
Whether black or Filipina
Peep this funky cold Medina Seen a lotta ups and downs
And sometimes even in between
But this love has saved the day
So let me take you to my leader I need that love, love, bigger, bigger, love, bigger, love
I need that outta space love, outta space love
And if this world ain't bigger, bigger, big enough
Gimme that outta space love, outta space love We be delivering that hotness for ya
Something that's out of this world
Jump in the space ship, all aboard
Buckle in, keep away from the door You about to witness history in the makin'
First rap group to make it outer space
And we takin' people who believe
Love is worth the mission If you want I can take you there
(Follow, follow the leader)
I said, if you want I can take you there
(Follow, follow the leader) If you want I can take you there
(Follow, follow the leader)
I said, if you want I can take you there
(Follow, follow) I need that love, love, bigger, bigger, love, bigger, love
I need that outta space love, outta space love
And if this world ain't bigger, bigger, big enough
Gimme that outta space love, outta space love You got your ticket, raise your hand
And if you really understand
Then I can take you by the hand
Take you to a place you've never been
(Future future, future, future, future, future) Future ain't really promised today
So I'ma have to speak, what d'ya want me to say?
Take you on a ride into outer space
Love so good, make you wanna stay And I'ma be your tour guide
Picture like a Polaroid
You havin' a betta life
Shake it 'til you see it right Cool like 80's slang is this stuff I'm offering
Tried enough to please ya man, and ya girl don't understand

If you take me by the hand
Trust this la-love alien Then I'ma take you to a place
That you never been
Hold on tight like ya life depends
On it, on it, on it, on it I need that love, love, bigger, bigger, love, bigger, love
I need that outta space love, outta space love
And if this world ain't bigger, bigger, big enough
Gimme that outta space love, outta space love I need that love, love, bigger, bigger, love, bigger, love
I need that outta space love, outta space love
And if this world ain't bigger, bigger, big enough

You inner space with yours
Let's put them all together
So we can become one voice And let the world see now
Just what we talking 'bout
And take a trip to outta space
And let your faith ring out I'm outta space with mine
You inner space with yours
Let's put them all together
So we can become one voice And let the world see now
Just what we talking 'bout
And take a trip to outta space
And let your faith ring out (Just put your space suit on)

(My rocket ship go boom, my rocket ship go boom) So here we go, go, go, go
So here we go, go, go, go, go
So here we go, go, go, go, go
So here we go, here we go, here we go, go, go, go, go, go, go I need that love, love, bigger, bigger, love, bigger,

And if this world ain't bigger, bigger, big enough
Gimme that outta space love, outta space love If you want to come and join the party
Just come as you are and bring somebody
There's room in the back, so don't you worry
But we takin' off soon, so you betta hurry Here we go
(On another level)
