

# Tylenol

**Ben Kweller**

Tylenol, I need some Tylenol  
Give me some Tylenol  
To kill that headache you gave me  
To kill that headache you gave me  
To kill that headache you gave me  
To kill that headache in me  
Rohypnol, I need some Rohypnol  
Give me some Rohypnol  
To slow that heartache you gave me  
To slow that heartache you gave me  
To slow that heartache you gave me  
To slow that heartache in me  
Methyl, I need some Methyl  
Give me some Methyl  
To speed that getting away from me  
To speed that getting away from me  
To speed that get away from me  
Machine gun, where's my machine gun  
Give me a fucking machine gun  
To blow you the fuck away from me  
To blow you the fuck away from me  
To blow you the fuck away from me  
Get the fuck out of New York City
