

Don't Dance Close To Me

Soul Decision

Don't dance close to me
I'm warnin ya babe I'm comin out of my jeans
Stop this craziness
Or at the end of the night you're comin out of that dress
Kind of faded and I'm still all right
I ain't been touched in a long long time
I jumped in my car into this place I ran
Oh tonight I'm gonna get what I can
Don't dance close to me
I'm warnin ya babe I'm comin out of my jeans
Stop this craziness
Or at the end of the night you're comin out of that dress
If your gonna get shy with me
Don't ya go given that eye to me
I'm not trying to make you grow old with me
I'm just taken you home with me
Given taken back breakin make my day
Cock that trigger baby blow me away
Hunt me down I want to hear you say
I'm comin out I'm on the prowl and I'm after you
Don't dance close to me
I'm warnin ya babe I'm comin out of my jeans
Stop this craziness
Or at the end of the night you're comin out of that dress
If your gonna get shy with me
Don't ya go given that eye to me
I'm not trying to make you grow old with me
I'm just taken you home with me
It's just the thought of your lips
And the way that you kiss
That makes me move move move
To the base of your hips and
When your body is pressed
Under the weight of my chest
And I'm touchin you all over with my fingertips
It's gonna be
Green light hold tight baby wilder than dogs
Flesh fight scratch bite baby all night long
I'm gonna play you like my favorite song

Cause I'm comin out I'm on the prow and
I'm after you
Don't dance close to me
I'm warnin ya babe I'm comin out of my jeans
Stop this craziness
Or at the end of the night you're comin out of that dress
If your gonna get shy with me
Don't ya go given that eye to me
I'm not trying to make you grow old with me
I'm just taken you home with me
Slow down pace yourself you better
Hold tight and brace yourself I said
Slow down pace yourself
I got a mirror on the ceiling you can face yourself
If your gonna get shy with me
Don't ya go given that eye to me
I'm not trying to make you grow old with me
I'm just taken you home with me
Don't dance close to me
I'm warnin ya babe I'm comin out of my jeans
Stop this craziness
Or at the end of the night you're comin out of that dress
If your gonna get shy with me
Don't ya go given that eye to me
I'm not trying to make you grow old with me
I'm just taken you home with me
