Make A Move

Icon For Hire

Somebody make a move
Somebody make a move
Somebody...
Test my reality, check if there's a weak spot
Cling on to insanity in hopes the world will ease up
Try and make it look like it's all somehow getting better
Cuz i know how to play it pretty good against the measure
Everyone started out a little insane
But we learned pretty quick how to fake it for the game
But some of you never learned to drop the act
So under that skin of yours is a heart attack
[Chorus]Cuz everybody's so scared
We don't want to go there, we don't want to make a move
We got all our reps to lose
Sitting in the dark now, we'll just play a part
Up here all alone, like I don't know what's going on
Somebody make a move
Somebody make a move
Please somebody make a move
We all know, we all know what's going on
And if I had the answers I'd have written them out
So I could tell you what to do and what this thing is about
But all I've ever learned has come second hand
And I dare not preach what I don't understand

You and I wished I was same disease
Cover up
Compromise what we grieve
I've let more than my more than my share of my revivals die
This isn't pretty, but it"s who I am tonight
Chorus
Pointing my fingers the problems still linger
They keep getting bigger and I hold the trigger
Playing with fire I live like a liar
Somebody make a move (somebody make a move)
Pointing my fingers (somebody make a move)
Morals still linger (somebody make a move)
Pointing my fingers (somebody make a move)
Somebody make a move

Cuz everybody's so scared
We dont want to go there
We dont want to make a move
Screaming in the dark now
We must play a part, up here all alone
Chorus
We all know, we all know what's going on
Somebody make a move
Somebody make a move
Please somebody make a move
We all know, we all know what's going on
