

Let's Get Fucked Up

Start Trouble

Let's get fucked up, gimme a cup I'll drink till I throw up
Let's get fucked up, alcohol my only friend Licking my lips 'cause I got the craving
Saturday night and I've been saving
My appetite for alcohol
Give my motherfucking peeps a call Where can we do this? It really don't matter
Let's get drunk, no let's get plastered
I ain't got shit to do in the morning
Fuck the Surgeon General's warning Let's get fucked up, gimme a cup I'll drink till I throw up
Let's get fucked up, alcohol my only friend
Let's get fucked up, gimme a cup I'll drink till I throw up
Let's get fucked up, alcohol my only friend Let's do shots of tequila
Tomorrow there's gonna be spots on the rug
Chug that glass of bourbon sour
I'll be puking in about an hour BAC is 12.0
Gimme the keys I'm ready to go
I ain't got shit to do in the morning
Fuck the Surgeon General's warning Let's get fucked up, gimme a cup I'll drink till I throw up
Let's get fucked up, alcohol my only friend
Let's get fucked up, gimme a cup I'll drink till I throw up
Let's get fucked up, alcohol my only friend Driving around and I'm far from sober
Looking for a ho that I can bend over
My friends say I'm going nowhere fast
But when I'm fucked up, I need some ass Boo boo booty call, let me inside some sugar walls
I ain't got shit to do in the morning
Fuck the Surgeon General's warning Let's get fucked up, gimme a cup I'll drink till I throw up
Let's get fucked up, alcohol my only friend
Let's get fucked up, gimme a cup I'll drink till I throw up
Let's get fucked up, alcohol my only friend
Alcohol my only friend, alcohol my only friend
