

Pop A Bottle (fill Me Up)

Jessica Mauboy

Day and night
Day and night your
On my mind
On my mind it's only
You and I
You and I just you and me yeah
Oh got me drunk on your love so where's the after party cause I'm just getting started
"hey hey hey"

Keep on pouring it up and don't you ever stop it I know you know I want it but...

Chorus-

I don't want to wait until the weekend comes just so I can pop a bottle of your love take another shot I never get
enough come on and fill me up fill me up

I don't wanna wait until the weekend comes just so I can pop a bottle of your love take another shot I never get
enough come on and fill me up fill me up

Up up oowah oowah fill me
Up up oowah oowah fill me
Up up oowah oowah fill me
come on and fill me up fill me up

Drink it down
Drink it down and I
Feel it now
Feel it now you got me
Going wild
Going wild I want to scream ahaaaa cause I'm so drunk on your love don't want to leave the party yeah I'm just
getting started
"hey hey hey"

Keep on pouring it up don't you even stop it
I know you know I want it but
I don't wanna wait until the weekend comes just so I can
pop a bottle of your love take another shot I never get enough come on and fill me up fill me up

Chorus-

But I don't wanna wait until the weekend comes just so I can pop a bottle of your love take another shot I never

get enough come on and fill me up fill me up

Up up oowah oowah fill me
Up up oowah oowah fill me
Up up oowah oowah fill me
Come on and fill me up

Gimme Gimme more let it pour
till it over flows anything you want take it all come on give it to me

Gimme Gimme more let it pour
till it over flows anything you want take it all come on give it to me

Chorus.

I don't wanna wait until the weekend comes just so I can pop a bottle of your love take another shot I never get
enough come on and fill me up fill me up

I don't wanna wait until the weekend comes just so I can pop a bottle of your love take another shot I never get
enough come on and fill me up fill me up

Fill me up.

Up up oowah oowah fill me
