Top Down

Fifth Harmony

Blaze it up and we'll be cruisin'
With the top down
Rev up the engine we'll be cruisin'
Watch it go down
Get in my trunk and I'll be ridin'
With my top down
With my top down
My top downFrom a small town
Cruisin' thru the big city
Where the fellas are cute
And the girls are pretty
It's our world so you know
It's going down
I ain't got a lotta money
But I got a lotta style
What whatBlaze it up and we'll be cruisin'
With the top down
Rev up the engine we'll be cruisin'
Watch it go down
Get in my trunk and I'll be ridin'
With my top down
With my top down
My top downElectric city
Baby, you're mine tonight
Electric city
Don't you shine bright
Electric city
Baby, you light the way
Electric city
I think that I might stayPassed out real
And I woke up realer
(Hey, hey, hey, hey, hey)
Me and my clique
Goin' hard and you feel us
(Hey, hey, hey, hey, hey)
Come on let me take you for a ride
I ain't got a lotta money
But I got a lotta style
What whatBlaze it up and we'll be cruisin'

With the top down
Rev up the engine we'll be cruisin'
Watch it go down
Get in my trunk and I'll be ridin'
With my top down
With my top down
My top downElectric city
Baby, you're mine tonight
Electric city
Don't you shine bright
Electric city
Baby, you light the way
Electric city
I think that I might stayBlaze it up and we'll be cruisin'
With the top down
Rev up the engine we'll be cruisin'
Watch it go down
Get in my trunk and I'll be ridin'
With my top down
With my top down
My top downElectric city
Baby, you're mine tonight
Electric city
Don't you shine bright
Electric city
Baby, you light the way
Electric city
I think that I might stay
