Don't You Let Me Down

Kiss

Baby, don't you let me down
(Don't you let me down)
Don't you leave me lonely
(Don't you leave me lonely)
Don't you run aroundI said baby when I'm on the ground, yeah
(Baby, when I'm on the ground)
Try to keep my chin up
Feel I'm fallin' farther downYou know I'm feelin' sorry
But I know that won't do
Looks like there's no tomorrow
There's no tomorrow without youBaby, don't you let me down
(Baby, don't you let me down)
Don't you leave me lonely
(Don't you leave me lonely)
Or run aroundI said baby when I'm on the ground, yeah
(Baby, when I'm on the ground)
Try to keep my chin up
Feel I'm fallin' farther downRemember when you smile so bright
Raise my heart up to my throat
Sure took hard times just to drag me down
So darlin' brighten up all of my hopesBaby when I'm on the ground, yeah
(Baby, when I'm on the ground)
Try to keep my chin up
Feel I'm fallin' farther down
Try to keep my chin up
Feel I'm fallin' farther downFallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, downFallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, downFallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin'
