

Don't Lie to Me

Adam Steffey

Chorus:

Don't lie to me if you don't love me
Don't lead me on if you don't care
Tell me have you seen your old love
Let me know it's only fair

(instrumental break)

Your old love he's back in town now
By chance you saw him on the street
Is that the reason you're so cold dear
Don't lead me on don't lie to me

(chorus)

(turn around)

You act so strange when we're together
Your thoughts are miles away from me
Sometimes at night i hear you cryin'
Your heart is full of misery

(chorus)

(turn around)

Repeat chorus to end
